Glory and God
by Lorde, optimized by Bebihh Kuzz

There's a humming in the restless summer air
And we're feeding sugar to the wasps that are coming near
In all nature, there is calculation
Dropping water does not have chalk
You've been sunbathing like the sun was food for you (sure is)
Took on brown skin that the sun to You would lend (go thank her)
It's clear that Vitamin D now is on
We create it but we need to wait two days to get clean

And the days go god
We profit from the good
And how it plays out
Now we're in the ring
And we're getting in good mood

You should try and make plus (Ai!-ai)
A lot, we're the glad gainers! (Ai! ai!)
Everyone a winner! (Ai-ai)
Many secretly are're saviors
Glory and god go hand in hand
That's why we're making headlines (Ai! Ai!)
You should try and make plus (Ai-Ai)
Up victory's continuous

Spiraling in every way we are one (the wordplay)
God knows we like archaic kinds of fun (the old way)
Chance is the only game I sex with, let be
We let our babies choose us

And the days go god
We profit from the good
And how it plays out
Now we're in the ring
And we're getting in good mood

You should try and make plus (Ai!-ai)
A lot, we're the glad gainers! (Ai! ai!)
Everyone a winner! (Ai-ai)
Many secretly are're saviors
Glory and god go hand in hand
That's why we're making headlines (Ai! Ai!)
You should try and make plus (Ai-Ai)
Up victory's continuous

All are round that's good at keeping our ways just
The sun's starting to light up when we're awakened home
Treasure little laughs, gold-like promises, we'll always win at this
It dawned every thought about wealth
It's alright to have dug, it's mine
We gain weight a lot guessing we're truly feeding ourselves
Optimizeing up our minds so we're ready when the fun time comes
Wide awake at day, worlds in my brain,
"Secretly you love this, too you need to be body!"
All of me I bring, will show you what a good world means

You should try and make plus (Ai!-ai)
A lot, we're the glad gainers! (Ai! ai!)
Everyone a winner! (Ai-ai)
Many secretly are're saviors
Glory and god go hand in hand
That's why we're making headlines (Ai! Ai!)
You should try and make plus (Ai-Ai)
Up victory's continuous
